Northwestern Medicine®

Robert H. Lurie Comprehensive Cancer Center of Northwestern University

MALNATI BRAIN TUMOR INSTITUTE

2020 CME Symposium

May 9, 2020 | Northwestern Memorial Hospital | 251 E. Huron St., Chicago | Pritzker Auditorium

8:15 a.m.	**Registration, Continental Breakfast & Exhibits**	
8:50 a.m.	**Welcome and Introduction**	**James Chandler, MD and Roger Stupp, MD**
9:00 a.m.	**How Rare Brain Tumors are Diagnosed in Pathology**	**Craig Horbinski, MD, PhD**
9:20 a.m.	**Multidisciplinary Approach to Spine Chordomas**	**Jean-Paul Wolinsky, MD**
9:40 a.m.	**Novel Strategies for the Treatment of Cranial Chordomas**	**James Chandler, MD**
10:00 a.m.	**Break & Exhibits**	
10:15 a.m.	**Medulloblastoma: Can It Be Cured?**	**Roger Stupp, MD**
10:35 a.m.	**Translating Molecular Insights into Treatments of Diffuse Intrinsic Pontine Glioma**	**Oren Becher, MD**
10:55 a.m.	**Break & Exhibits**	
11:10 a.m.	**Pleomorphic Xanthoastrocytomas: How Molecular Diagnostics are Guiding Therapeutics**	**Rimas Lukas, MD**
11:30 a.m.	**Recent Advances in Leptomeningeal Disease**	**Priya Kumthekar, MD**
11:50 a.m.	**Lunch & Exhibits**	

KEYNOTE LECTURE

12:30 p.m.	**How to Make Progress in Rare Tumors**	**Mark Gilbert, MD** *National Cancer Institute*
1:00 p.m.	**High-Grade Meningiomas: Novel Approaches Towards Characterization and Treatment**	**Timothy Kruser, MD**
1:20 p.m.	**Break & Exhibits**	
1:35 p.m.	**Tumor Board-Style Roundtable Discussion and Q&A**	
2:15 p.m.	**Closing Remarks**	
2:30 p.m.	**Adjourn**	

Sponsored by the Northwestern Medicine Lou and Jean Malnati Brain Tumor Institute of the Robert H. Lurie Comprehensive Cancer Center of Northwestern University at Northwestern Memorial Hospital.

Unless otherwise noted, all speakers are affiliated with Northwestern Medicine and/or the Lurie Cancer Center.

Please register at cancer.northwestern.edu/mbti-cme

AUDIENCE

This course is designed for all specialists working in the field of neuro-oncology: neurosurgeons, neurologists, medical oncologists, radiation oncologists, advanced care providers, nurses, nurse practitioners, physician assistants, hospitalists, oncology social workers, pharmacists and allied health professionals.

LEARNING OBJECTIVES

After attending this educational activity, participants should be able to:

- Review current treatment strategies for rare tumors types including Ependymomas, Medulloblastomas, Chordomas, Diffuse Intrinsic Pontine Gliomas (DIPG), and Choroid Plexus Papillomas.
- Interpret new clinical data on experimental agenda currently under evaluation in rare brain tumors to identify opportunities to optimize treatment.
- Describe the current developments in novel therapeutic agents:
    - Integration of new targets into new therapeutics.
    - Availability of clinical trials across the country.
    - Novel surgical techniques for cranial and spinal chordomas.
    - Novel radiation techniques and modalities for the treatment of rare brain tumors

ACCREDITATION STATEMENT

The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

The Northwestern University Feinberg School of Medicine designates this educational activity for a maximum of 4.0 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

OTHER CREDITS

The American Nurses Credentialing Center (ANCC) and the Illinois Department of Financial and Professional Regulation accept *AMA PRA Category 1 Credits*™ from organizations accredited by the ACCME for relicensure & recertification requirements. 1 CME credit is equivalent to 1 contact hour. Your certificate of completion, which includes the number of CME credits awarded, is the only documentation required.

Activity pending American Society of Radiologic Technologists (ASRT) credit approval.
